Welcome to the San Ramon Valley Unified School District Board of Education meeting. Your interest in our schools is greatly appreciated.

Members of the public who wish to submit public comment at the SRVUSD Board Meetings, may do so in one of two ways.

1. Attend the meeting and complete a Public Comment Card. Give the card to Cindy Fischer and you will be called up to the podium to present your comments in person.
2. Email your comments to publiccomments@srvusd.net. Emails will be automatically forwarded to each board member and will be entered into the official minutes.
 - a. Public comments received from the time the agenda is posted through the end of the open session portion of the meeting, will be included in the minutes.
 - b. Public comments received 4 hours or less prior to the start of open session will be included in the minutes, but may not be read by all Board Members prior to the meeting.
 - c. No email attachments will be accepted with electronically submitted public comment.
 - d. Email addresses will not be included in the public record in order to protect the privacy of commenters.

By law, board members can only discuss items that appear on the agenda. For this reason, board members do not engage in dialogue with individuals speaking during the non-agenda public comment section of the meeting. For individuals who wish to speak with board members in depth about an issue, contacting board members on an individual basis is recommended, although individual board members have no legal authority to make decisions without consideration by the whole board.

All public comments during the meeting will be limited to three minutes.

Closed Session: Closed session meetings are not open to the public. By law, matters dealing with students and district employees are reserved for closed session to provide confidentiality. Other closed session topics can include litigation, property negotiations, and collective bargaining issues with employee associations. Members of the public are given the opportunity to speak regarding closed session items prior to the closed session.

Action items are considered and voted on individually by the board. **Consent items** are considered routine in nature and are approved by combining them into a single vote. A member of the Board of Education or a member of the public may request that a consent item be removed from the consent agenda and voted on separately.

Copies of board agenda backup and other informational materials provided to members of the Board of Education are available for review in the Office of the Superintendent beginning at 4:00 PM on the last working day of the week preceding each meeting of the Board of Education. For disability related modification or accommodation, please contact the Office of the Superintendent at 552-2933 during business hours.

On July 28, 2021, the California Department of Public Health updated its guidance for face coverings for indoor public settings, which included local board and commission meetings. According to the guidelines a board may choose to follow one of the following:

- Provide information to all patrons, guests and attendees regarding vaccination requirements and allow vaccinated individuals to self-attest that they are in compliance prior to entry.
- Require proof of vaccination.
- Require all patrons to wear masks.

The San Ramon Valley Unified School District meeting scheduled for August 24, 2021 will require all patrons to wear a face mask.

**The meeting will be live-streamed at the following link:
https://www.srvusd.net/district/board_meetings and on our YouTube channel at SRVUSD Board.**

*In compliance with Brown Act regulations, this agenda was posted 72 hours before the noted meeting.

There has been a push from some people to make mask wearing a choice once students return to school. I am asking you to make masks mandatory in every school. Most of these kids are not vaccinated, and even if they are, the Delta variant is capable of spreading among vaccinated people as well.

Many people are also immunocompromised, and the vaccine is less effective for those who have immune issues. People who don't want to wear masks have no scientific basis for their argument, and not wearing masks puts kids and other people in dangerous circumstances WITHOUT their consent.

Do the right thing and support public safety, especially for kids, even if it is difficult to push back on these people who don't want to wear masks.

Hello SRVUSD Board,

As you are aware, we are currently experiencing a high level of transmission in Contra Costa county, as well as nationwide. The current surge in the delta variant, which we know now to be as transmissible as chickenpox, is causing many breakthrough infections in the fully vaccinated, and may lead to more severe illness for both adults and children. Given the many unknowns about this variant and the fact that all the children under 12 cannot be vaccinated, school should open with protocols more conservative than those of 2020-21 under the alpha variant, which was half as transmissible as delta and almost never caused breakthrough infections. As you can see from the Brentwood schools' outbreak, this is a different beast than last year's virus and must be treated accordingly. We want our children to be safe and in school, but to do so, the protocols need to reflect the threat the delta variant poses.

Masking

I urge our elementary schools to implement not only indoor masking (and also social distancing indoors) and outdoor masking while we have such substantial rates of infection in the community. It seems unfeasible to enforce distancing among all the children at recess. Especially without the additional supervision of yard duty volunteers, there is no way to manage children all over the playground. Consistent and Correct Mask Use [as of 8/1, this is on the CDC website, but news is emerging daily about delta and its incredible transmissibility]

- Outdoors: In general, people do not need to wear masks when outdoors. **However, particularly in areas of substantial to high transmission, CDC recommends that people who are not fully vaccinated wear a mask in crowded outdoor settings or during activities that involve sustained close contact with other people who are not fully vaccinated.**

Additionally, I know personally of several fully vaccinated individuals that were infected during outdoor exposures. This is in spite of their increased protection from the vaccine, unlike children. Hence I believe that until they can be vaccinated, children should wear masks outdoors except while eating, at which point they should be socially distanced.

Screening

With so many children returning from vacations, it would seem reasonable to screen prior to school, and thereafter on a weekly basis while we have moderate to high transmission rates. The aim is to keep children safe and in school, and therefore, the sooner infected individuals are diagnosed, the less time they have to infect others.

In light of the number of breakthrough infections, staff should also undergo screening while we have moderate and high levels of transmission. Again, I will cite Brentwood schools - what if they had screened the students prior to returning? This would have significantly reduced the chances of their outbreak.

Per the CDC, "Screening testing can be used to help evaluate and adjust prevention strategies and provide added protection for schools that are not able to provide optimal physical distance between students. **Screening testing should be offered to students who have not been fully vaccinated when community transmission is at moderate, substantial, or high levels (Table 1); at any level of community transmission, screening testing should be offered to all teachers and staff who have not been fully vaccinated.** To be effective, the screening program should test at least once per week, and rapidly (within 24 hours) report results. Screening testing more than once a week might be more effective at interrupting transmission."

Distancing

I urge our schools to continue enforcing social distancing inside.

The CDC states, "Based on studies from 2020-2021 school year [which did not include the delta variant], CDC recommends schools maintain at least 3 feet of physical distance between students within classrooms, **combined** with indoor mask wearing by people who are not fully vaccinated, to reduce transmission risk. When it is not possible to maintain a physical distance of at least 3 feet, such as when schools cannot fully re-open while maintaining these distances, it is especially important to layer multiple other prevention strategies, such as indoor masking, screening testing, cohorting, improved ventilation, handwashing and covering coughs and sneezes, staying home when sick with symptoms of infectious illness including COVID-19, and regular cleaning to help reduce transmission risk."

I don't believe it's possible to ensure that younger children always have well fitting masks so when there is an outbreak, transmission would be reduced if the children are properly distanced.

The American Academy of Pediatrics also emphasizes:

- Schools must continue to take a multi-pronged, layered approach to protect students, teachers, and staff (ie, vaccination, universal mask use, ventilation, testing, quarantining, and cleaning and disinfecting). Combining these layers of protection will make in-person learning safe and possible. Schools should monitor the implementation and effectiveness of these policies.
- School policies should be guided by supporting the overall health and well-being of all children, adolescents, their families, and their communities and should also look to create safe working environments for educators and school staff. This focus on overall health and well-being includes addressing the behavioral/mental health needs of students and staff.

With the above principles in mind, **the AAP strongly advocates that all policy considerations for school COVID-19 plans should start with a goal of keeping students safe and physically present in school.** The importance of in-person learning is well-documented, and there is already evidence of the negative impacts on children because of school closures in 2020.

Thank you for considering this information in your development of protocols for school to start.

Best Regards,
Meredith Maffeo

Hello,

Are you planning on testing students for Covid on a regular basis, similar to what LAUSD is doing? I believe it is important, especially at the beginning of the school year as many families return from vacation from areas with high Covid infection rate.

Thank you,

Arie

Hello SRVUSD Board,

I'm writing because I am concerned about the need to establish and maintain Covid-19 protocols for the upcoming school year in light of new information about the delta variant of the disease. We need protocols at least as strict as our 2020-2021 protocols to keep our children safe, because of at least 5 salient facts that have been established recently: (1) the disease is highly transmissible (as transmissible as chickenpox); (2) outdoor transmission is now occurring with some regularity; (3) vaccinated individuals are now being infected and spreading the disease; (4) more children are becoming sick and being hospitalized with the delta variant; and (5) Contra Costa County is currently an area of high transmission.

Masking

We need indoor AND outdoor required masking. The CDC recommends that people who are not fully vaccinated (all children at our elementary schools) wear a mask in crowded outdoor settings or during activities that involve sustained close contact with other people who are not fully vaccinated. Given the recent documentation of outdoor transmission and the fact that our children are unvaccinated, they should all be wearing masks indoors and outdoors.

Screening

The only way to ensure continued safety of our children is to require screening for Covid-19. Without screening, we are quite likely to start the school year with Covid-19 positive individuals in schools, just based on the community transmission rates in our county. According to the CDC, “Screening testing can be used to help evaluate and adjust prevention strategies and provide added protection for schools that are not able to provide optimal physical distance between students. **Screening testing should be offered to students who have not been fully vaccinated when community transmission is at moderate, substantial, or high levels (Table 1); at any level of community transmission, screening testing should be offered to all teachers and staff who have not been fully vaccinated.** To be effective, the screening program should test at least once per week, and rapidly (within 24 hours) report results. Screening testing more than once a week might be more effective at interrupting transmission.”

Distancing

Distancing requirements should be reinstated. The CDC states, “Based on studies from 2020-2021 school year [which did not include the delta variant], CDC recommends schools maintain at least 3 feet of physical distance between students within classrooms, **combined** with indoor mask wearing by people who are not fully vaccinated, to reduce transmission risk. Combining these layers of protection will make in-person learning safe and possible. Schools should monitor the implementation and effectiveness of these policies.
- School policies should be guided by supporting the overall health and well-being of all children, adolescents, their families, and their communities and should also look to create safe working environments for educators and school staff. Please consider all of this information in establishing Covid-19 protocols for the upcoming school year.

Sincerely,
Erin Myers

Good evening,

I realize these comments will not be going into the meeting minutes but after watching the video recording of the meeting that took place today, I just wanted to ask the Superintendent and the members of the Board to take a moment to seriously address a point that was brought up: what rationale did the Board have to come to the decision that masks should be mandated for all students for the upcoming school year because that has never been addressed and that's what a lot of parents, including myself, would like to know.

There was some guidance from the CDC and the state health departments but ultimately it was left up to each school district to make its own decision.

Superintendent Malloy said the Board has requested "clarifications" from the County Public Health Officials and that they would like to rely on "science."

If the Board is at all sincere about this statement, please communicate to all the stakeholders the details about what clarifications, if any, the Board has received from the County, and what scientific data, statistics or common sense reasons the Board is relying on to require all students to wear masks at schools. Because until you do that, you are just dodging the issue, and that's infuriating for many of us when the stakes are so high for our children. Parents just want what's best for their children. I am sure you understand because you yourselves are parents and once had school-age children of your own. We are not trying to debate politics or policies with you. Parent advocates, including myself, have done extensive research, have observed and listened and know what is best for their children. Let them decide whether their children should wear masks to schools.

The children in our school district have suffered enough with the long school closure and distance learning. Mask mandate in schools is tyrannical, lacking in common sense and is hurtful to our children. Superintendent Malloy is probably aware of that and that is why he is dodging the issue, trying to gloss over it by saying the Board is relying on "science." It is not.

TOPIC: CONSIDERATION OF ADOPTION OF RESOLUTION NO. 8/21-22
APPROVAL OF PROVISIONAL INTERNSHIP PERMIT (PIP)
REQUEST(S)

DISCUSSION:

The California Commission on Teacher Credentialing is no longer issuing Emergency Permits. However, the Commission replaced the Emergency Permit with the Provisional Internship Permit (PIP) which provides applicants additional time to meet the subject matter competence requirement(s) needed to enter an internship program. A District may request a PIP only after a diligent search has been conducted and a fully credentialed teacher could not be found.

All requests for a PIP must be presented to the Governing Board of a public school district for approval as an action item on the agenda. Every PIP request that is submitted to the Commission on Teacher Credentialing must also include verification that a notice of intent to employ the named applicant in the identified position has been made public.

Approve Provisional Internship Permit request(s) as presented

WHEREAS Hispanic and Latino Americans are justly proud of their rich and varied cultural heritage, which has made so many social, artistic, linguistic, and intellectual contributions to our society;

WHEREAS this community and the State of California are thereby deeply appreciative of the Hispanic and Latino culture;

WHEREAS generations of proud, hard-working, enterprising Hispanic and Latino Americans have strengthened our communities with their countless achievements and their abiding faith in home and family; and

**RESOLUTION NO. 10/21-22 IN SUPPORT OF SEPTEMBER AS
ATTENDANCE AWARENESS MONTH**

WHEREAS good attendance is essential to student achievement and graduation, and we are committed to dedicating our resources and attention to reducing chronic absenteeism rates, with a focus starting as early as transitional kindergarten and kindergarten;

WHEREAS chronic absence – missing 10 percent or more of school for any reason including excused and unexcused absences, or just two or three days a month – is a proven predictor of academic trouble and dropout rates;

WHEREAS improving attendance and reducing chronic absence takes commitment, collaboration and tailored approaches to particular challenges and strengths in each community;

WHEREAS chronic absence predicts lower third-grade reading proficiency, course failure and eventual dropout, it weakens our communities and our local economy;

WHEREAS the impact of chronic absence hits low-income students particularly hard if they don't have the resources to make up for lost time in the classroom and are more likely to face systemic barriers to getting to school – such as unreliable transportation, lack of access to health care, unstable or unaffordable housing;

WHEREAS attendance gaps among groups of students often turn into achievement gaps that undermine student success; Chronic absence particularly exacerbates the achievement gap that separates low-income students from their peers, since students from low-income families are both more likely to be chronically absent and more likely to be affected academically by missing school;

WHEREAS absenteeism also undermines efforts to improve struggling schools, since it's hard to measure improvement in classroom instruction if students are not in class to benefit from them;

WHEREAS schools and community partners can reach out more frequently to absent students to determine what barriers they face to attending school and what would help them attend more regularly;

WHEREAS health care providers can share the importance of school attendance with families and can offer proactive, preventive care to reduce absences;

WHEREAS schools and districts must do more to track, calculate and share the data on how many students are chronically absent so that we can see the attendance gaps and can deliver the right interventions to the right students;

WHEREAS all students, even those who show up regularly, are affected by chronic absence because teachers must spend time reviewing for students who missed lessons;

WHEREAS chronic absence can be significantly reduced when schools, families and communities work together to monitor and promote good attendance and address hurdles that keep children from getting to school; and

WHEREAS schools and community partners help build strong, trusting relations between children, families, teachers, and other critical school staff to have a significant impact on the ability of students to focus and learn in a remote learning environment to be present, engaged and supported;

NOW, THEREFORE, BE IT RESOLVED that as the Board of Education of San Ramon Valley Unified School District, we proclaim our school district will stand with the nation in recognizing September as “Attendance Awareness Month.” We hereby commit to focusing on reducing chronic absenteeism to give all children an equitable opportunity to learn, grow and thrive academically, emotional and socially.

BE IT FURTHER RESOLVED that the District take steps during the year to collaborate with families and schools to support the transitions into school.

TOPIC: CONSIDERATION OF APPROVAL OF AMENDMENT TO THE
AMENDED AND RESTATED MASTER LEASE BETWEEN SRVUSD
AND KIDS COUNTRY

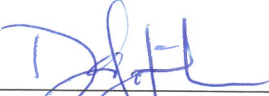

DISCUSSION: In April 1, 2005, San Ramon Valley USD combined two then-existing childcare leases; one for ground leases at ten school sites owned by Kids Country; and one for a facilities lease at Coyote Creek Elementary School into one Amended and Restated Lease. This childcare building at Montevideo was one of the ten ground leases as part of this restated agreement. The lease is set to expire in March 31, 2025.

The Measure D Modernization at Montevideo provided an opportunity to replace the existing childcare building at the same time. Specific childcare facilities funds set aside in the Special Reserve for Capital Improvements were used to complete this upgrade. No Measure D funds were used for the childcare building. This new childcare facility was constructed this summer and is owned by the district.

In lieu of purchasing the old building(s) from Kids Country, the district's intends to have the childcare provider continue to utilize it as a ground lease facility (paying \$1 per year) through the expiration date of the lease in March 2025. At that time, it would then convert to a facilities lease and be charged at the then going monthly rate per square foot.

RECOMMENDATION: Allow Kids Country to remain operating as a ground lease at Montevideo Elementary School until lease expiration in March 31, 2025.

TOPIC: CONSIDERATION OF THE 2021-22 CONSOLIDATED APPLICATION

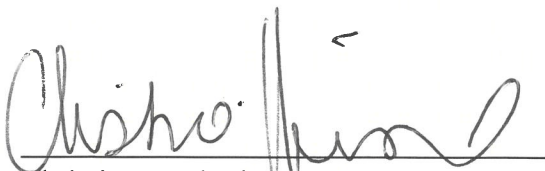

DISCUSSION: The Consolidated Application (ConApp) is used by the California Department of Education (CDE) to distribute categorical funds from various federal programs to county offices, school districts, and direct-funded charter schools throughout California. Annually, typically from mid-May to the end of June, each local educational agency (LEA), using the Consolidated Application and Reporting System (CARS), submits the spring release of the ConApp. The spring release documents participation in these programs and provides assurances that the LEA will comply with the legal requirements of each program. Program entitlements are determined by formulas contained in the laws that created the programs. <https://www.cde.ca.gov/fg/aa/co/>

District administration requests approval of the annual Consolidated Application for Funding for the following Categorical Aid Programs:

- Title I, Part A (Basic Grant)
- Title II Part A (Supporting Effective Instruction)
- Title III Part A (English Learner)
- Title IV Part A (Student and School Support)

Welcome Families!

Welcome to **SRVUSD Early Childhood Education Preschool Program**. Responding to the need for quality early childhood education for eligible families, SRVUSD offers a state preschool program at two of our elementary school sites.

Our program serves children 3 - 4 years of age whose families have qualified. Note: priority is given to four year olds. All children are given opportunities to develop emotionally, socially, physically, and intellectually in a safe environment by caring, qualified staff.

We invite you to share your suggestions, ideas, and feelings with the staff as the year progresses. We are a team! We expect that you will be a responsible, supportive parent and we look forward to a successful relationship.

Should you need additional information or assistance, please do not hesitate to contact us. Questions regarding this program can be answered through the Educational Services Department at 925-552- 5032 or at the elementary schools which house the program.

Sincerely,
Nadine Rosenzweig
Executive Director of Elementary Education
SRVUSD

SRVUSD Early Childhood Education Preschool Program History

The California State Preschool Program was established in 1956 when legislation was passed which authorized a statewide system of preschool programs designed to provide equal educational opportunities for children whose families met certain eligibility criteria.

San Ramon Valley Unified School District applied and was granted two licenses in the spring of 2017. Our classrooms opened for the 2017-2018 school year and are housed at Live Oak Elementary and Walt Disney Elementary.

This Program is regulated by the California State Department of Social Services. SRVUSD partners with Contra Costa County to offer the program and is responsible for program administration, budget preparation and management, employment and evaluation of staff, personnel policies, and maintenance of the sites. Our Early Childhood Education Preschool Program can serve up to 48 eligible children.

Program Mission

The San Ramon Valley Early Childhood Education Preschool Program strives to provide a positive, safe environment that addresses the social, emotional, cognitive, and physical needs of all children.

State Preschool Goal

According to the State of California, the program goal of a Child Development Program is to provide an efficient and effective early education and developmental system, as determined by community needs, offering a full range of services in a safe, healthy, and nurturing environment. There are six key dimensions:

1. *Standards, Assessments and Accountability* - to ensure that all educational programs are based on high and challenging standards and are accompanied by a process for monitoring and determining effectiveness.
2. *Teaching and Learning* - to ensure that all students are provided with integrated and coordinated programs based on student needs and educationally sound and legally acceptable educational practices.
3. *Opportunity (equal educational access)* - to ensure that all students have equitable access to, and the opportunity to participate in and benefit from, high-quality curricular and extracurricular activities.
4. *Staffing and Professional Growth* - to ensure that students have access to qualified teachers, administrators, and other staff members and that all educators have access to high-quality professional growth opportunities.
5. *Parent and Community Involvement* - to ensure that parents and members of the community, including business, industry, and labor, have the opportunity to assist in and support the educational process through participation in decision making, training and volunteer activities, and the creation of partnerships.
6. *Governance and Administration* - to ensure that all schools conduct high-quality programs that are effectively managed and operated within appropriate legal parameters.

Desired Results

In order to monitor child development programs in California, there are six components of the desired results structure for children and their families:

- Children are personally and socially competent.
- Children are effective learners.
- Children show physical and motor competence.
- Children are safe and healthy.
- Families support their children's learning and development.
- Families achieve their goals.

All children are assessed using the DRDP (Desired Results Developmental Profile) within the first 60 calendar days of attendance as per Title V stipulation. These profiles are used to plan and conduct age and developmentally appropriate activities.

Admission Procedures

Admission procedures are simple, but may require some time. Parents/Guardians need to allow at least 45 minutes for an appointment. During this time the Early Childhood Education Program and Policies will be explained. Children may not be admitted until all enrollment forms are complete and immunizations are up-to-date. A Pre-Admission Health form must be completed for each student, as well as **proof of a physical examination, including a TB Test, (or test as determined by your medical provider) and results signed by a doctor are required within thirty (30) days of enrollment or services provided or a child may be terminated.** Parents/Guardians may also be required to provide documentation of a recent TB test if they will be volunteering in the classroom.

It is required that all children be fully potty-trained. No diapers or pull-ups are allowed in the classroom. If the child has an inability to use the restroom independently, the child may be temporarily dropped until the child is fully potty-trained.

Area Served

Eligibility for subsidized preschool services is determined by State criteria. SRVUSD Early Childhood Education Preschool Program typically provides services to residents of San Ramon, Danville, and Alamo or those employed within the SRVUSD boundaries.

Arrival and Dismissal

Parents or an authorized adult (18 years or older) must come into the building to sign children in and out each day. The California Department of Community Care Licensing requires each adult to sign in with a full, legal, legible signature. Children will not be released to adults who are not listed by the parent/guardian as emergency contacts or to persons under 18 years of age. If someone other than persons you have listed as emergency contacts will be picking up your child, it is the parent/guardian responsibility to provide notice in writing authorizing the person to pick up the child. The person will be asked to show identification upon pick-up. This is required to insure the protection of your child.

Please drop off and pick up your child on time. If you find that you are not able to arrive on time, it is your responsibility to send someone else or call in advance to let us know that you will be late.

Every parent/guardian is required to maintain two backup people who could pick up their child within 30 minutes of being contacted. If late pick up occurs in excess of three times in one year, your child may be dropped from the program.

Attendance

Our funding depends on attendance and excused absences. We need your cooperation to ensure full funding for the year. If your child is out ill, please inform your child's teacher.

Harini Deepakeswaran- hdeepakeswaran@srvusd.net for Live Oak

Deeplaxmi Deshpande- ddeshpande@srvusd.net for Walt Disney

Excused Absences:

- Illness or quarantine of child (including medical or mental health appointments)
- Illness or quarantine of parent (including medical or mental health appointment)
- Court ordered visitation (Court order must be on file)
- Family emergency (sibling illness, death or illness of family member)
- Best Interest of Child (See Best Interest Days below)

Best Interest Days:

Your child is allotted ten (10) Best Interest Days per school year. These are days which you can use at your own discretion, for example to take a vacation, visit with non-custodial parent, visit relatives, religious or cultural holiday, vacation, travel, etc.

Unexcused absences:

Any absence due to a reason other than the above, or without the required verification, shall be considered an unexcused absence. Unexcused absences that exceed five (5) days in one year will affect eligibility, and may result in termination of services.

Calendar

The SRVUSD Early Education Preschool Program will follow the instructional calendar of SRVUSD for the given school year. The SRVUSD Instructional Calendar for 2021-22 is attached to the back of this handbook.

Changes in Information on Admission Form

Parents/guardians are required to notify the Elementary School Office of any change in the information on the admission forms: home address and telephone number, accurate, reliable up-to-date names and telephone numbers of parent substitute who can be notified and will come for your child in case of emergency. Please update these items in your Parent Portal then bring the supporting documents (for residency changes) to the front office of your school.

Clothing

- Children should be dressed in comfortable, safe, and washable clothing while at school. Play and learning often involves materials such as paint, water, and glue that may get on the children's clothing.
- Coats, jackets, sweaters, etc., should be clearly marked with the child's name to prevent loss or confusion over duplicates.
- Footwear must be safe (shoes with socks are preferable). Flip flops are not permitted.
- Clothing that children can maneuver independently in the restroom
- Children must have a change of clothing (labeled) at the preschool for days when accidents occur.

Communication

Each classroom has a resource area with a bulletin board where parents/guardians can gather and avail themselves of resource materials, information, and notices about the center and its activities..

Families also have access to information through our school site web pages. Live Oak: <http://www.loes.schoolloop.com/> Walt Disney: <https://wdes-srvusd-ca.schoolloop.com/>

Confidentiality

Information provided on enrollment forms shall be kept in confidence and released only with the written consent of the parent/guardian, with the exception of access that is legally required by Community Care Licensing and the California Department of Education officials. Personal information shared with parent/teacher/administrator will be handled with professional tact and shared with other staff members on a "need-to-know" basis. This includes medical history, family status, financial information, and other personal data.

Discipline

It is important that all children gain the necessary skills to behave in a socially acceptable manner, solve their own problems and develop a high sense of self- esteem through their interactions with children and adults in our environment. We do not use corporal punishment of any kind.

Disaster and Emergency Procedures

There will be regular fire, disaster, and lockdown drills to familiarize students with proper drill procedures. A detailed evacuation plan is reviewed annually and can be viewed at the front office or on the school website. Each classroom is equipped with emergency backpacks and first aid kits. In the case of an actual emergency, children will remain at school unless it must be evacuated, which is only attempted when there is no alternative. Parents/guardians will be notified of emergencies via School Messenger or the current communication tool used by the district. **Parents/guardians must ensure that the emergency phone number contact information given to the school office is accurate and up to date.**

*****All students must be signed out with their child's teacher or school designee by an adult (someone listed on the school's emergency card). Students will not be allowed to walk home.**

Contra Costa Crisis Center- 211 or 925-939-1916

Red Cross 925-603-7400

Office of Emergency Services 925-655-0000

Emergencies

In case of an accident, every attempt will be made to reach a child's parents/guardian. If a parent or guardian cannot be reached, "911" may be called and the child will be taken to a hospital emergency room for immediate attention. Continued efforts will be made to reach parents/guardians and emergency contacts. In life threatening incidents, "911" will be called. If a trip to the emergency room is required, a staff member will stay with the child until a parent/designated parent substitute arrives at the hospital.

Eligibility

Eligibility is determined and certified after completion of the Confidential Application of Child Development Services and Certification of Eligibility, submission of income verification, and submission of all registration materials. Eligibility is based upon documentation and verification of at least one to the following: Income, Current Aid Recipient, Homelessness, Child Protective Services, or At Risk of Abuse, Neglect, and /or Exploitation. Admission priorities have been established based on the Funding Terms and Conditions of the contract with the California Department of Education. To qualify, families must meet eligibility requirements and the term of certification is good for at least one program year, as long as the child remains enrolled. This program is operated on a nondiscriminatory basis, giving equal access to services. The program does not discriminate on the basis of sex, sexual orientation, gender, ethnic group identification, race ancestry, national origin, religion, color, or mental or physical disability. The program welcomes the enrollment of children with disabilities. Children will be accepted and retained after enrollment if it is determined that the preschool is able to meet the individual needs of the child. The program understands that the requirements of the Americans with Disabilities Act (ADA) are to make reasonable

accommodations for students.

Field Trips

Onsite field trips may be scheduled throughout the year. These experiences are designed to supplement different aspects of the classroom curriculum. Parents/guardians will be notified and asked to participate, as necessary. All field trips will be properly supervised in accordance with the current licensing child/adult ratio.

Illness

Health checks have always been a routine part of childcare, but are now more important than ever due to the pandemic. All children and staff must be in good health each day when they arrive at school. Children who are ill will not be allowed to enter the classroom.

Please do not send your child to school if he/she has a fever (100 degrees or higher) or has vomited in the 24 hours preceding the start of school. Children should be feeling well and free of fever for 24 hours or more before returning to school. Should your child become ill at school, we must have emergency names and contact information for individuals who can pick up your child in case you are not able to come.

If your child develops a contagious illness, parents should notify the school so that other families can be notified of possible exposure to infection. Participating program children and their parents/guardians confirmed with infectious illness or disease may be quarantined from the program until cleared by physician's release.

Masks

SRVUSD follows guidance from CDPH which mandates that all staff and students wear masks while indoors at school for the 2021-22 school year. Masks are not mandatory while outdoors. As guidance changes, SRVUSD reserves the right to amend this policy.

Medication

If possible, medicines should be administered at home before or after school. But, if medication is needed at school, a “ **Medication at School**” form **MUST** be completed.

-The parent/guardian fills out a Medication Request form, **signed by both the parent/guardian and the physician** to be kept on file in the office.

- Prescription medications must be sent to the school office in the original prescription container, which includes the child’s name and dosage/frequency.

-A medication log is used to document medication administration and is available to parents upon request. **Students should not keep medicine in their possession. This includes all over-the-counter medication.**

Non-Discrimination Policy

SRVUSD does not discriminate on the basis of gender, sexual orientation, ethnicity, race, national origin, religion, mental or physical disability. We welcome the enrollment of children with disabilities and understand the requirement of the Americans with Disabilities Act (ADA) to make reasonable accommodations and implement those accommodations for such children.

Nutrition

A daily snack will be provided to all children during preschool hours at no cost. Snacks are nutritionally balanced according to federal standards.

A variety of hot lunches are also offered each day for the students. For the 2021-22 school year, meals will be offered to all students free of charge as part of the National School Lunch Program. Parents/guardians are responsible for supervising their children in the lunchroom if they choose to eat lunch. A child must finish prior to entering the preschool classroom. Students cannot eat lunch in the classroom. For further questions contact your school site office.

Parent/Guardian Teacher Conferences

Conferences are scheduled twice a year as part of the state program. Teachers are also available by appointment throughout the year for additional conferences and discussions. Conferences are an opportunity for teachers to share information about the child's development as reflected in the Desired Results Developmental Profile (DRDP), the teacher's anecdotal records, and the child's portfolio. Teachers will work together with parents/guardians to develop a plan to support the child's development.

Parents are encouraged to talk with teachers on a regular basis to share any special information that may affect the child. This information will help staff meet the needs of the individual child.

Parent/Guardian Responsibilities

All parents/guardians with a child in the program must agree to the following:

- Report any changes in status within 10 days to the front office at the school site
- Follow the late pick up policy. If a child is not picked up within 15 minutes of dismissal they will be brought to the school office. Children may be dropped from the program if they are picked up 15 or more minutes after the designated time, three (3) times during the year. Our Late Child Notice/Late Child Procedure will be utilized in such cases.

(Appendix C)

- Obtain immunizations in a timely manner and follow the health policies
- Notify your student's teacher with the reason for a child's absence and bring a doctor's note, if required for (3) or more consecutive days of absences or certain illnesses.
- Sign the child in and out daily using a full signature
- Provide written permission if an adult (over 18 years old) other than the persons listed on the emergency form is to pick up the child. Persons picking up children who are not on the emergency card must be prepared to show identification.
- Attend an orientation which includes a review of the school handbook prior to attendance
- Agree to abide with regulations and policies as stated in this parent manual

Parent/Guardian Involvement

Parents and guardians of students participating in the preschool program are encouraged to participate in Parent Education events and become involved in the School Site Council at their child's school of enrollment. We believe that involvement by families increases a student's opportunity for success.

We encourage parents to talk to the teachers on a regular basis. Open communication is valued and encouraged. Our Parent Orientation is an opportunity to visit the child's classroom and meet the teacher.

Parent-Teacher conferences are held twice a year. During this time, parents and teachers have a chance to discuss the child's development and work together toward defining specific goals for the child. Conferences are an opportunity for parents to share insights about a child at home while finding out more about how he/she is doing at school. More frequent conferences may be arranged if necessary.

Parents' and Personal Rights

Upon the child's enrollment in the program, parents are given copies of Parent Rights and Personal Rights (issued by the Community Care Licensing). They are also included in the Handbook appendix A & B. Parent and guardians have the right to be informed of the appropriate licensing agency to contact regarding complaints. The local Community Care Licensing address is: Community Care Licensing 1515 Clay Street, #1102 Oakland, CA 94612

Program Evaluation

Our California State Preschool Program maintains high quality, developmentally appropriate environments that meet or exceed standards set by the State of California. By using a variety of tools to evaluate our program, we continually look for ways to improve. These tools include self-evaluation through the Environmental Rating Scale (ECRS), curriculum, staff development, parent engagement, and satisfaction of our families. We are licensed by the California Department of Social Services and undergo periodic inspection to ensure continual compliance with all regulations.

Religious Instruction or Worship

SRVUSD shall refrain from all religious instruction or worship. At no time will families be discriminated against because of religious affiliation or family worship practices.

Sunscreen

We suggest that you apply sunscreen (broad spectrum SPF 15 or higher) before dropping your child at school. If you request staff to apply sunscreen to your child, the appropriate form must be completed as sunscreen is considered a non-prescription medication and requires a special consent form.

Termination of Enrollment

Every effort will be made to keep students enrolled in our program. However, in accordance with our policies, enrollment may be terminated for the following reasons:

- The school experience is too stressful for an individual child
- The child's behavior is having an adverse effect on other children
- The child's behavior is an endangerment to staff
- The child is picked up 15 or more minutes after the designated time, three (3) times during the year
- The family fails to comply with the health and safety policies
- The child has 5 or more unexcused absences
- The family fails to maintain eligibility requirements
- The family fails to provide a completed physical for the child(ren) within thirty days of enrollment
- The parent or family representative is verbally or physically abusive to the staff or children
- The family repeatedly fails to sign in/out with full signature at the time of drop off
- The family knowingly uses incorrect or inaccurate information to obtain a benefit that they otherwise would not be entitled to receive
- Failure to keep immunizations current
- The center determines that it is unable to meet the needs of the child

Toys and Games from Home

Toys and games from home are not allowed at school unless specifically requested by the teacher. Items are too easily lost or broken and young children often find it difficult to share a personal or much loved toy.

Transportation

Transportation is not provided by SRVUSD to or from preschool sites.

Visitors

SRVUSD Early Childhood Education Preschool Program supports and encourages parents/guardians, community members, and fellow educators to visit and/or observe at our program. Prior notification of intent to visit for any reason is appreciated. Visitors must sign in at the school office upon arrival and wear a visitor's badge before proceeding to the classroom. Visitors may be required to show photo identification. Parents/guardians are encouraged to participate in activities that enhance social well-being and community.

During the Covid-19 pandemic, SRVUSD will follow the guidance from CDPH regarding visitors and the above policy may be curtailed to protect the health and safety of all students, staff, and families.

Volunteers

We welcome and encourage family members to volunteer in our classrooms! In order to ensure the safety of our children, all prospective volunteers must:

1. Register through SRVUSD's volunteer management system, *Be a Mentor, Inc.*

<https://www.beamentor.org/linkpages/mentorasp/specialprojects/srvusd/Default.asp>

2. Provide proof of a negative TB test

During the Covid-19 pandemic, volunteer opportunities may be limited to minimize the risk of virus spread.
