Instructions:

- Keep brain activity below the level that causes worsening of symptoms (e.g., headache, tiredness, irritability).
- If symptoms worsen at any stage, stop activity and rest.
- Seek further medical attention if your child continues with symptoms beyond 7 days.
- If appropriate time is allowed to ensure complete brain recovery before returning to mental activity, your child may have a better outcome.
 - Do not try to rush through these stages.
- Please give this form to teachers/school administrators to help them understand your child's recovery.

Stage	Home Activity	School Activity	Physical Activity
Brain Rest/ Restful Home Activity	 Initially sleep as much as needed (allow at least 8-10 hours of sleep) Allow short naps during day (less than 1 hour at a time) Move towards setting a regular bedtime/wake up schedule as symptoms improve Avoid bright light if bothersome Stay well-hydrated and eat healthy foods/snacks every 3-4 hours Limit "screen time" (phone, computer, video games) as symptoms tolerate; use large font 	 No school No homework or take-home tests May begin easy tasks at home (drawing, baking, cooking) Soft music and 'books on tape' okay Limit reading of hard-copy books as symptoms tolerate (e.g., short intervals of 10-15 min) Once your child can complete 60-90 minutes of light mental activity without a worsening of symptoms they may go to the next step 	 Walking short distances initially to get around is okay As symptoms improve, progress physical activity, like vigorous walking No strenuous exercise or contact sports No driving
	Progress to the next stage when your child starts to improve, but may still have some symptoms		
Return to School - PARTIAL DAY	Set a regular bedtime/wake up schedule Allow 8-10 hours of sleep per night Limit napping to allow for full sleep at night Stay well-hydrated and eat healthy foods/snacks every 3-4 hours Limit "screen time" and social activities outside of school as symptoms tolerate	Gradually return to school Sit in front of class Start with a few hours/half-day Take breaks in the nurse's office or a quiet room every 2 hours or as needed Avoid loud areas (music, band, choir, shop class, locker room, cafeteria, loud hallway and gym) Use brimmed hat/earplugs as needed Use preprinted large font (18) class notes Complete necessary assignments only Limit homework time No tests or quizzes Multiple choice or verbal assignments better than long writing assignments Tutoring or help as needed Stop work if symptoms increase	 Progress physical activity and as instructed by physician No strenuous physical activity or contact sports No driving
	Progress to the next stage as symptoms continue to improve and your child can complete the activities listed above		
Return to School - FULL DAY	Allow 8-10 hours of sleep per night Avoid napping Stay well-hydrated and eat healthy foods/snacks every 3-4 hours "Screen time" and social activities outside of school as symptoms tolerate	Progress to attending core classes for full days of school Add in electives when tolerated No more than 1 test or quiz per day Give extra time or untimed homework/tests Tutoring or help as needed Stop work if symptoms increase	Progress physical activity and as instructed by physician No strenuous physical activity or contact sports Okay to drive
	Progress to the next stage when your child has returned to full school and is able to complete all assignments/tests without symptoms		
Full Recovery	Return to normal home and social activities	Return to normal school schedule and course load	Start CIF Return to Play Protocol
