- <u>1.18 Assignment:</u> The performance of The Work may not be assigned except upon the written consent of the Purchasing Director. Consent will not be given to any proposed assignment which would relieve the Vendor or its surety of their responsibilities under the order.
- <u>1.19 Time of Completion:</u> The Vendor shall complete all or any designated portion of The Work in all parts and requirements within the time set forth in the order.
- <u>1.20 Care and Protection:</u> The Vendor shall be entirely responsible for any damage to the District's or adjacent property due to hauling materials or other causes attributable to the conduct of his work, and all such damage will be repaired by the Vendor when and as directed by the District's representative, and as required to place the property in as good condition as before the commencement of The Work.
- <u>1.21 Nondiscriminatory Employment Practices:</u> In the performance of this contract the contractor or subcontractor agrees as follows:

(1) AFFIRMATIVE ACTION - GENERAL

The Vendor shall not discriminate against any applicant for employment or employee on the grounds of race, color, religion, national origin, ancestry, place of birth, sex, sexual orientation, age, or disability.

The contractor or subcontractor will take affirmative action to ensure that its recruitment, selection, and evaluation practices do not discriminate against any applicant for employment or employee. The contractor or subcontractor shall also ensure that its personnel policies, practices and procedures, including, but not limited to, the transfer, promotion, demotion, suspension, layoff, or termination, rates of pay and other form of compensation, and the selection for training programs, apprenticeship, and on-the-job training do not discriminate against any employee. The contractor or subcontractor shall post in conspicuous places that are accessible to applicants for employment and employees notices setting forth this Nondiscriminatory Employment Practices Provision.

- (2) The Vendor agrees to seek the inclusion in all union agreements, to which it is a party, clauses prohibiting discrimination based upon race, color, religion, national origin, ancestry, place of birth, sex, sexual orientation, age, or disability. To the maximum extent consistent with applicable labor agreements, the contractor or subcontractor will attempt to recruit applicants without regard to race, color, religion, national origin, ancestry, place of birth, sex, sexual orientation, age, or disability.
- <u>1.25 Hazardous Material Requirements:</u> The Vendor shall comply with all government laws, rules and regulations concerning the use of hazardous materials and the disposal of hazardous wastes at the job site, including but not limited to the following:
- (1) The Vendor shall not bring hazardous materials onto the job site or deliver hazardous materials without providing the District, in advance, the Material Safety Data Sheets for each hazardous material introduced. Where applicable, materials must be labeled in accordance with Section 5194, Title 8, of the California Administrative Code. No hazardous material will be introduced onto the job site until the District gives written approval for each hazardous material.
- (2) All hazardous material shall be stored and used in a safe manner and shall not be stored or used in any vehicular or pedestrian traffic lanes.
- (3) Any hazardous products, waste or empty containers used or generated shall not be poured down any drain or sewer nor disposed of in any trash container or dumpster.
- (4) The Vendor will be considered to be the hazardous waste generator and will be responsible for the legal transport and disposal of all hazardous waste. No containers or trash will be left in any building or on any job site.
- (5) Violation of any of the above procedures shall be sufficient cause for the District to stop all work. Any expense incurred by the District caused by the work stoppage will be borne by the Vendor. These expenses will include all costs to return the job site and all other areas contaminated by the contractor to a hazard-free condition.
- (6) The Vendor will be solely responsible for all the costs, including fines and penalties, for the investigation and cleanups of any suspected hazardous materials the contractor used, left on the job site, or dumped down a city drain or sewer, and any damage to property and/or injury to any person.
- <u>1.26 Recycled Materials:</u> Vendors are encouraged to use recycled materials, reusable, environmentally sustainable green products, and products designed to be recycled.
