DATE: March 3, 2021

TOPIC: Report, Review and Action Related to Reopening Schools –
Spring and Fall 2021

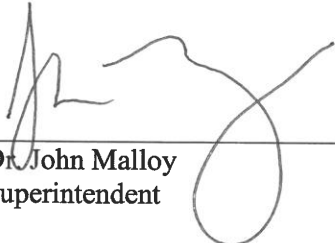

DISCUSSION:

The San Ramon Valley Unified School District is currently in phase 3 of our plan to return students to hybrid in-person learning. As of this time, all of our students in preschool and grades K-6 and all of our special day class students who chose hybrid are back on campus. We continue to provide a remote option for those families who were not ready to return to campus. All sites are strictly adhering to safety protocols and the District is complying with all health and safety regulations. We look forward to being able to welcome back our students in grades 7-12 as soon as the county enters the red tier. New guidance allows us to return students to campus the day after we enter the red tier rather than having to wait 5 days, as previous guidance required.

Updated CDPH guidance has allowed our student athletes to return to practices and competitions. There are strict guidelines to which both the players and the observers (spectators) must adhere. We will continue to open all sports as they are allowed per the CDPH guidance.

As we implement our plan for the remainder of this school year, staff is exploring ways to provide end of the year celebrations that our students and families desire. We are also working on plans for summer school.

As we plan for the fall of 2021, staff is seeking direction from the Board regarding in-person and remote learning.
